

D-ICE Bring Lenovo™ Direct To Your Business

Lenovo™ is an innovative, international technology company offering class leading IT systems for today's business needs.

D-ICE, IBM and Lenovo™ are committed to work together as one integrated team to meet customer needs. **D-ICE** are an approved member of the Lenovo™ Business Partner Programme.

Lenovo™ ThinkPad... Carried by those who carry companies

If you're not using a ThinkPad, you're not ready for serious business – it's the ultimate business machine.

Only a ThinkPad has the advanced engineering, elegant functionality and commonsense design that let you rise to the top in a ultra competitive business world. It's one part high technology, one part elite status symbol.

Lenovo™ 3000... If you want to be closing deals not opening manuals

Lenovo™ 3000 desktops and notebooks let you worry about your business – not your computer. They're the computers of choice for entrepreneurs and small business owners across the globe. They combine simple practicality with proven technology to create a business tool that takes care of itself.

They're smart, creative, innovative people who are too busy being smart and creative to have time to worry – or care – about IT issues.

ThinkPad is a registered trademark of Lenovo™
